

Conformity declarations – RoHS and Reach

Conformity declaration – RoHS

We herewith confirm the conformity of our products according to the RoHS Guideline 2011/65/EU by the European Parliament and the European Council of June 8, 2011 regarding the restriction of the use of hazardous substances in electrical and electronic devices, as well as the compliance with the permissible maximum concentration in homogenous materials in weight percentages as follow: of cadmium < 0.01%, as well as lead, mercury, hexavalent chromium (Cr6+), polybrominated biphenils (PBB) and poly-brominated diphenyl ether (PBDE) < 0.1%, according to Annex II of said guideline. The Nolte GmbH of Cölbe herewith declares that all our products are produced in compliance with RoHS.

Conformity declaration – Reach

The Nolte GmbH is, as a manufacturer of electronic products in the sense of REACH a so-called “downstream user”. Therefore, specifications regarding the production and distribution of substances or chemicals for the preregistration or registration (ECHA) do not apply to us.

Our products are manufactured items and therefore cannot be considered materials or preparations (according to Art. 3 Terminology definitions). In addition, under normal and reasonably foreseeable usage conditions no substances are released. Therefore the Nolte GmbH is not subject to the otherwise mandatory provision of safety datasheets. In order that our customers can be assured a continuous supply of safe and reliable products, we ensure that all our suppliers are in compliance with all requirements regarding chemical substances and materials.
